Details of Enforcement, Non-Compliance or Disciplinary Actions:

1. If "Contact State Board For Details" is displayed then the State Board has reported some type of enforcement, non-compliance or disciplinary action to this site and the State Board should be contacted for full details about the action reported.
2. If "None Reported To This Site By The Board" is displayed then the State Board provides enforcement, non-compliance and disciplinary action data to this site and none was indicated for this record.
3. If "State Does Not Provide This Type of Data At This Site" is displayed then CPAVerify is not currently receiving enforcement, non-compliance or disciplinary action data for licensees in this state. Some states are limited to sharing this type of data with third party websites due to privacy laws or policies, but most State Boards offer this information on their official State Board websites.
4. Contact the State Board for official verification of all enforcement, non-compliance and disciplinary activity.

The results shown here include all data made available by participating states. Additional data about the individual or firm may exist and is not shown here for other states that are not yet participating in the CPAVerify website. Please refer to the Participating States tab for more information about which states are currently sharing their licensing data for use with this website and for clarification about which states these results do not include. If the Board of interest is not participating, you may refer to the "Contact Boards" tab where a link to every Boards' website and therefore individual license lookup tool is available.
